NOTICE TO MARINERS: 4/2024

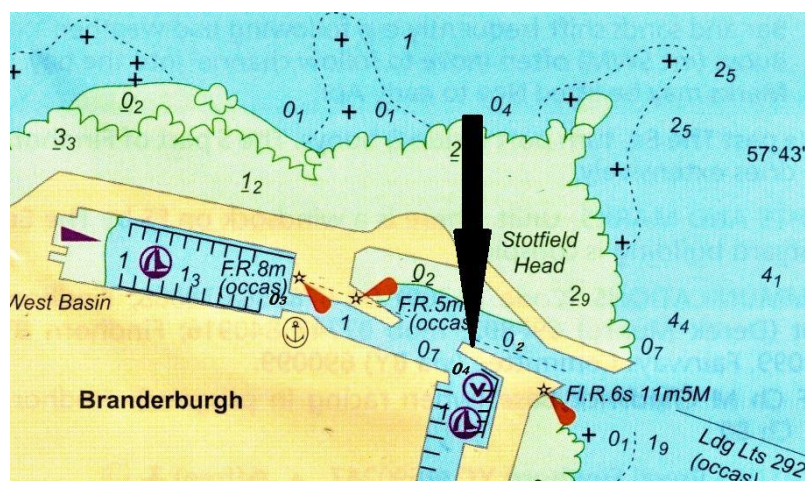

Date of issue: 18 JULY 2024

MOORING RESTRICTION ALONGSIDE SOUTH PIER

Following major repair work to the channel side of the South Pier, concrete sandbags will permanently remain in situ on the more Westerly section.

This concrete section will protrude into the channel by approximately one metre from the South Pier wall.

If requiring temporary mooring within the main channel due to state of tide, Mariners are advised to avoid this one area. Refer to diagram below.

No Mooring alongside South Pier at area marked by black arrow
